Importance/Uncertainty Matrix

Understanding crisis response measures.

Collective sense-making.

What practice are we seeing in communities, institutions, policies?

During Crisis

We've done these things to respond to immediate demands but they are specific to the crisis.

We've been able to try these new things and they show some signs of promise for the future.

New practice

Stopped

We've been able to stop doing these things that were already/are now unfit for purpose. We've had to stop these things to focus on the crisis btu they need to be picked up in some form.
